MEXICAN WAR VETERAN. Sudden Death of Capt. A. J. Hutchinson This Morning.

Captain A. J. Hutchinson died this morning very suddenly at his home, 414 Van Buren street, of heart failure. He went to bed last evening seemingly in the best of health. About 1:45 this morning, however, his wife was awakened by the captain gasping for breath. She thought he was suffering from night-mare, and attempted to arouse him, but he drew only a few breaths and expired.

Medical aid was at once summoned but all efforts to resuscitate him failed. It was thought at first that he was in a trance, as the body kept warm and moist for two hours after death. Captain Hutchinson was born in Gallipolis, Ohio. May 5, 1825, which would make him 69 years of age Saturday. He enlisted in the Mexican war in 1845 and fought until 1848 when he received a wound in the

KEEP LATE HOURS.

A Gang in Smoky Row Captured by the

Police This Morning. At 4:30 this morning the police raided the disorderly house of Ida Cody, be-tween First and Crane street on Kansas avenue. There were five persons captured in all—Ida Cody, Lillie Nelswanger, the notorious Guy Pier, and two young men who gave their names as J. R. Jones and C. T. Martin.

The young men were fined \$5 in police court this morning. One of them said: "This is the first time I ever stood before this kind of a bar and I don't want to be here again."

The other members of the crowd did not appear. They had deposited \$5 apiece for their appearance. When Judge Ensminger learned of the fact he was mad. "I want it distinctly understood that a \$5 deposit for security don't go for these folks. It is the same old story and I am sick and tired of it and I would like to know who is responsible for their release." He then continued their cases to Wednesday.

There has been a great deal of com-plaint of this place and last night the whole time was spent in drinking and carousing.

The main object is the education of public sentiment for concerted action. To this end Messrs. Greeley and Cowles have ascertained the position of all states and territories as regards pugilism. Prof. Greeley is now teaching psychology at Washburn college.
